

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF HESPERIA**

NAME: GLENN AYLOR

AGE: 45

OCCUPATION: Route Sales Representative

I have been married to my wife, Patricia, for 17 years. Together we have raised three children; ages 19, 16 and 14. I moved my family to Hesperia in 2001 and have been an active member of the community since. I received my AA in Liberal Arts from Fullerton Jr. College in 1985, after returning from Japan where I taught English with Language Institute for Evangelism. As an Eagle Scout, I developed and implemented the camping program for Fairview State Mental Hospital which is still in use today. Every day I speak to residents of the High Desert as I deliver products for Bimbo Bakeries to stores in the community. They tell me the same thing, which is, they love Hesperia but long for improvement. I agree. I am concerned that our quality of life, the safety of our children and our neighborhoods is steadily becoming less than it should be. If you agree and would like to see leadership in Hesperia which promotes the city's Mission Statement, "...dedicated to enhancing our safety, friendly community, while blending a rural lifestyle with progress and responsible growth." I would like to offer you an alternative and would appreciate your vote.
